ANPS 15A	300 Kgs	406 x 635mm	300 x 10 Kgs x 100 gms
ANPS 16	500 Kgs	600 x 600mm	500 x 10 Kgs x 100 gms
ANPS 16A	500 Kgs	700 x 700mm	500 x 10 Kgs x 100 gms

Platform : Made of high grade Cast Iron. A solid steel backrail is bolted to the Platform.

Pillar : Made of unbreakable pressed steel and painted in red stoved enamel.

Box : Rigid Cast Iron Box encloses the lever system with four wheels mounted on continuous axles.

Lever System : The levers are fitted with replaceable hardened steel knife-edges, bearings.

Locking Device : Fitted on the outer end of the Pillar top for quick locking of the steelyard, to prevent damage/wear and tear when the machine is being moved from one place to another.

Knife edges and bearings : Made of high carbon steel machined, ground and hardened to 62°Rc. to maintain sensitivity and accuracy of the machine at all loads.

Counting-cum-weighing : Can be designed to count the materials of uniform weight in ratio of 1 : 100 besides weighing.

Quality & service : AMAN SCALES are Govt. approved having latest technology and the best available in the market and backed by prompt and efficient after sale services.

Warranty : Twelve months warranty against defective material and faulty workmanship

SPECIFICATIONS

TYPE	CAPACITY	PLATFORM SIZE	GRADUATION
ANNS-115	0300 Kg	0610 mm x 0610 mm	0300 x 010 Kg x 100 gms
ANNS-116	0500 Kg	0762 mm x 0762 mm	0500 x 020 Kg x 100 gms
ANNS-117	1000 Kg	0914 mm x 0914 mm	1000 x 050 Kg x 200 gms
ANNS-117A	1000 Kg	1016 mm x 1016 mm	1000 x 050 Kg x 200 gms
ANNS-118	2000 Kg	1016 mm x 1016 mm	2000 x 100 Kg x 500 gms
ANNS-119	2000 Kg	1200 mm x 1200 mm	2000 x 100 Kg x 500 gms

Platform & Lever system : The Platform is supported on thrust ball races. These provide universal motion and avoid undue wear of the interchangeable hardened steel knife-edges and bearings. The Platform is available in several sizes varying with weighing capacity as indicated above

Steelyard : Made of quality steel and graduated upto full capacity. The Index plate is inclined for easy reading and both poises run smoothly on the machined steelyard enabling quick indication. The steelyard notches are protected by a notch protection bar fitted with the steelyard. A tumbler locking device holds the steelyard rigidly in place when weighing is not in progress.

Wheels : The complete Weighing Machine is supported on four wheels which are enclosed in cast iron frame.

Finish : Finished with an anticorrosive and spray paint giving the machine a smooth finish.

Testing : AMAN SCALES are TESTED and passed by Haryana Govt. Weight & Measures Department.

Service : Our after sales service Deptt is manned by efficient and most experienced technical representatives and extends to users, on the spot after sales service which is of paramount importance.

Warranty : Twelve months warranty against defective material and faulty workmanship.

Usage : AMAN NO LOOSE WEIGHT SCALES are particularly suitable for wholesale and retail establishments, warehouses and stores, and for use generally on docks, railway stations, airports cargo division & goods depots. It complies fully with Weights and Measures Regulations.
